

## The Junior League of Tampa Provisional Bus Tour

On January 14, members of the Junior League of Tampa joined us for their annual Provisional Bus Tour. This experience offers new Junior League of Tampa members the chance to learn more about organizations Junior League has partnered with.

The Junior League of Tampa pioneered the Social Skills program at Academy Prep, which teaches students greetings and introductions, proper attire, table manners and settings, tie tying, text messaging and cell phone etiquette, and body language. This program is very helpful for our students as they develop into our community leaders of tomorrow.

Our graduates' accomplishments are the best testament to Academy Prep's mission, and a dozen of them graciously gave their time for several hours on a Saturday morning to participate in a panel discussion, where they shared how Academy Prep has impacted where they are today and their plans for the future. These Academy Prep graduates have gone on to outstanding local high schools including Academy of the Holy Names, Berkeley Preparatory School, Carrollwood Day School, Tampa Catholic High School, and Tampa Preparatory School.

Thank you to the Junior League of Tampa for taking the time to learn more about this special place and for your continued support of our students. A heartfelt thank you to our graduates who took the time to participate - we are very proud of all of you!
